## Who is this course for?

Have you been working as a Leading Hand, Supervisor or Foreman for years, and do not have your formal qualifications? This is the perfect opportunity to back your experience with your qualifications - Get the 'piece of paper' to prove you can do it!

Are you looking to develop your Supervisory career in your field of civil construction, civil infrastructure or civil works? This course is for you if you don't already have your Certificate IV in Civil Supervision.

### Here's what one of our students thinks...

"Excellent Course for supervisors and foreman. You get to better your knowledge around civil and being a supervisor/foreman.

This course has taught me to plan ahead to know where you're going and what you want to achieve. I also have more of a health and safety focus outlook.

The support processes for assessments were very helpful and precise.

Shannon Clelland

## Where can this course take you?

This qualification gets your skills formally recognised and proves to your employer that you have the knowledge and experience to get the job done.

This is the qualification that the major project HR and WHS people understand. They need to have people working on their sites who have these qualifications.

Most major Civil Companies and Councils now expect their Supervisors to hold these qualifications.
