BSB41419

Duration:
6-12 months
(depending on
experience)

Delivery:
Online + Unlimited
Phone Sessions

**Nationally
Recognised:**
Yes

Who is this course for?

WHS is a career for people with strong interpersonal skills. As a WHS professional, you will be overseeing workplace procedures and analysing the relevant risks and safety hazards.

You will analyse the processes to produce improved policies ensuring the safety of the employees of the organisation.

You will be giving training and feedback to employees on workplace practices, and motivating staff to achieve greater health and safety outcomes.

Here's what one of our students thinks...

"This was the best online course. The student support from was very helpful and the assessments were very practical and relevant to my work.

I was able to implement what I learnt into my job. Completing these qualifications definitely gives me a better chance to advance my career and it will help me to get a promotion."

Maged Llnajeh

Where can this course take you?

Compliance with work health and safety laws is mandatory, and many courses and individual units educate and train workers in how to comply with organisational and legislative rules. This qualification extends that knowledge and understanding.

It is aimed at more senior tradespeople or business managers who require an in- depth understanding of the way in which Health and Safety can become a key platform in any organisation's safety culture, and a point of difference between just doing enough and actually embracing the spirit of the law.
