Who is this course for?

If you are in your own business looking for skills in strategic planning and managing business growth, or you are in a senior management role, this practical course covers key business topics and can also be your shortcut to a University degree.

You can gain this Advanced Diploma of Business using your current knowledge and experience across business contexts, plus broaden your commercial skills and expand your expertise in business planning, system development, marketing, HR, finances, risk management and other key business areas.

Here's what one of our students thinks...

"I have been able to put the learnings from this unit into practice immediately and make a positive influence on change and growth in the company I work in.

I would recommend this course to others particularly given that you can set the pace yourself."

Timothy Kelly

Where can this course take you?

This Advanced Diploma is also useful to broaden your skills in business while combining it with your industry expertise. This allows you to be more well rounded and appealing to employers.

Once you complete this qualification, you can gain credits for half of a Business, Marketing or Management degree without needing Year 12, saving time and money. Or you can even Fast track your way to University for a Bachelor Degree or an MBA...
