NATIONALLY RECOGNISED  
TRAINING

### Who is this course for?

This course is very popular with Business Owners in Civil Construction, Managers, Engineers and those who manage multiple projects or are responsible for Creating the Systems – Environmental, Quality, Safety, Risk...

You will be working individually with your Trainer to create (or revise if you have already created) the following systems – Risk, Environmental, Quality, Safety, Civil Construction Plans. You can then have the choice between Estimating, Leadership and Management, or Directing Multiple Projects units to complete your qualification.

### Where can this course take you?

Becoming qualified with your Advanced Diploma of Civil Construction is highly valued within Civil Construction, Mining and Coal Seam Gas industries. It is also highly valued when applying for tenders, by large companies and Councils etc.

One of the greatest things with gaining your qualification is being formally recognised for the years of experience and knowledge you have. Although this qualification is not new, there have only been a privileged few who have gained the benefits of having the recognition they deserve by completing their Advanced Diploma of Civil Construction.

#### Here's what one of our students thinks...

*"I found the Business units of my Advanced Diploma of Civil Construction have the most significant impact on my life as well as helping me develop work skills. The RPL process was easy to use. I would recommend this training to others as it is very informative, especially for Project Managers."*

— James O'Brien
