Who is this course for?

Are you involved in helping to manage complex projects as a contracts officer, project administrator, or project team member? This online Project Management course provides you with the fundamental skills you need. It is the essential starting point for you to develop your career in project management.

Where can this course take you?

You can work for the government, run marketing projects, administer contracts, roll out IT programs, organise major events, build buildings and high-rise apartments, coordinate infrastructure projects, even produce movies! You could find yourself managing all sorts of interesting projects.

Designed for busy people, you can study at your own pace and become qualified. With flexibility built in at every stage, you can maintain your work-life balance while building your future and advancing your Career.

"I would recommend this Project Management course as it was a positive experience and good introduction into project Management. As a result of the training I now feel more comfortable in the process of building a project management plan, communicating it to my workmates effectively and implementing the plan"
